Esoteric Astrology as news for week Oct. 2-9, 2014

Written in the Book of Life - Yom Kippur - as Mercury Retrogrades

Mercury Retrogrades Saturday. We know the "rules" by now. As Mercury stations retrograde, Saturday, we also end the ten days of repentance (forgiving & being forgiven) with Yom Kippur, the Jewish Festival of Judgment and Remembrance. On Rosh Hashanah God "'opened' the Books' of Judgment and Creation, observing humanity for acts of goodness, kindness, forgiveness and service. Judgment has been "pending" and prayers, forgiveness and service were required. Then on Yom Kippur (Saturday), the judgment is "sealed" (by G-d and the Heavenly Court).

But the verdict is still not finalized. There's still an additional chance, positive expectation (until Sukkoth - little huts, living outside, which begins Thursday October 9th-I5) and hope that God will see that we were/are "good." Good is better than per-

May everyone be inscribed by G-d in the Creation Book of Life. Let us prepare plates of apples and honey, pomegranates & wine, sharing with family & friends wishing everyone an upcoming "sweet year".

Celebrating all religions helps us create together the new

Aquarian world religion, which incorporates all religious teachings. At their hearts they're all the same. We join together with our brothers & sisters around the world, participating in their holy festivities. Let us remember also to forgive everyone.

ARIES: Something appears, is seen, recognized, brought to balance and creates an interlude in your relationship(s). Perhaps you identify how to have true Right Relations with those who love you. Perhaps you learn that through relationships your true self emerges because relationships are an I/Thou situation. Realize this balances you, provides structure, discipline and leads to true heart-heart intimacy.

TAURUS; There are times when others tell you their deepest needs. Sometimes you can't hear or understand them. This week your needs, usually hidden and unknown to you, thus hardly ever tended, emerge. Changes, small and subtle, begin to manifest in how you express yourself and the stating of long term wishes, desires and wants. Since your usual word is "no" (which means "wait I need to think on this") everyone, surprised, listens atten-

GEMINI: Who is your family? What does family mean to you? Perhaps family means criticism and judgments or gardens of nourishment. Whatever family signifies for you, it's time to create your own family, building balance and love, discipline and rules, kindness and communication into yours. Think on this. It's a time to recreate certain new plans and ideals. This time has arrived for

CANCER: You're both in the world and not, at home while working at the same time. Family's close by and yet not. They're in your heart. Both have spiritual work to accomplish. A new set of realities concerning resources emerges. Your specific and particular skills are a deeply needed resource and they are recognized. They nurture and nourish and so many are grateful. Including the kingdoms.

LEO: A tradition, perhaps religious and intellectual, performed physically becomes important in order to summon you to a new discipline, structure and ritual that bring order and stability to your life. Perhaps you're remembering a parent, teacher, grandparent, someone older and wiser. who instilled ethics and justice, seeing you as an equal. Who is this person? What is this ritual? Honor all of it.

VIRGO: You have resources in common with another? Resources don't only refer to money. They include possessions and values held in common, intimacy, interaction and relationship. There's a question about relationship and perhaps a feeling of restriction and grief? Recognize the beginnings of your relationships and their original value. Can you discover this again? What seems so far away is usually what is closest

LIBRA; Saturn is in Libra. This is an important passage of time, a growing up and maturing developmental stage for you. There's a challenge to change, frustrations and time issues, shadows and pressures and wisdom seeking to guide you. There will be times of absolute stillness and times of acceleration. Saturn loves you. He is your father, guide, disciplinarian, your Dweller on the Threshold. Have forgiveness always

SCORPIO: Your deepest desires come forth and although directed at others, the reality is the desire to know the self, to create a new image that better defines you, and the need for partnership between your emotions, intellect, body and Soul. Emotions will be passionate; people may shy away should you display depth of feeling. Assess who's safe, who understands, who will stand with you.

SAGITTARIUS: Turn toward your religious roots. The teachings are guidelines that illumine and make sturdy your inner and outer life. This may sound old fashioned. However, a major planet is traveling through that sector of your life now providing you with needed direction. Another choice is to remain within selfenforced contemplation, solitude

and seclusion. Include music and good food.

CAPRICORN: A cycle ends soon enough, a new cycle begins. Hidden a bit from you, however, it's connected to the harvest festival, gathering summer fruits into a root cellar darkness. It's time to begin fall & winter planting. Study Bio-dynamics, using special plant, animal and mineral (homeopathic) preparations, following the rhythmic influences of the sun, moon, planets, stars (of which you are one).

AQUARIUS: As an entirely different set of ideals (values, goals) appear, you being to view your life differently. Notice rules have changed, previous values less important, things taken for granted are no longer useful, and perhaps your faith is being tested. It's time for new studies, adventures and travels to new cultures. The confusion felt will not last forever. Life becomes more realistic. You do too.

PISCES: You think about life and death, the changing seasons. Take walks morning and evening. Stand in the light of sunrise and twilight. Make contact with the elements, the plant kingdom in particular, the most balanced kingdom. Gather seeds, pods, notice changing colors, view the architecture, notice what soothes and comforts. Read A Pattern Language by Christopher Alexander. Begin a new journal of hope. Life finds you very soon.
