Classified Hotline: 441-1440 Call before 5 p.m. Wednesday to place your ad.

# Ad Rates & Information

The Star-News is an audited newspaper published every Friday with a circulation of 33,500.

The Star-News reserves the right to revise or restrict any advertising it deems unacceptable.

LINE RATE: \$4 per line per week with a 3 line minimum

GARAGE SALE RATE: \$15 for 5 lines for I week

ERRORS: Be sure to check your ad the first day it appears. The Star-News is not responsible for more than one incorrect insertion. Adjustment can be made only for the portion of the ad that is in error.

CANCELLATION: Cancellation of an ad after placement can be made before 4:30 p.m. Wednesday and will be assigned a cancellation number. If an ad appears after a cancellation number is issued, customer must have the number for verification or no credit will be issued.

# Tips for writing an effective ad

BE DESCRIPTIVE. List the features of your product or service that make it different from others in the same category. Include price and brand, if applicable.

AVOID ABBREVIATIONS other than standard ones, they can confuse the reader and abbreviate your results.

INCLUDE YOUR PHONE number and the best time to reach you. Make the ad easy to read and respond to in order to get the best results. June 17, 2022

NOTICE OF PUBLIC HEARING Consideration of Proposed Adjustments to Sewer Service Charges Tuesday, June 21, 2022, 6:00 p.m.

Proposition 218 Pursuant to Article XIIID of the California Constitution and the Proposition 218 Omnibus Implementation Act, the City of National City (the "City") hereby gives notice that a public hearing will be held on June 21, 2022, at 6:00 PM, or as soon as possible thereafter as the matter can be heard, at the regularly scheduled City Council meeting. The health and well-being of National City residents, visitors, and employees during the COVID-19 outbreak remains our top priority. The City of National City is coordinating with the County of San Diego Health Human Services Agency, and other agencies to take measures to monitor and reduce the spread of the novel coronavirus (COVID-19). The World Health Organization has declared the outbreak a global pandemic and local and state emergencies have been declared providing reprieve from certain public meeting laws such as the Brown Act. As a result, the public hearing will occur only online to ensure the safety of City residents, employees and the communities we serve. A live webcast of the meeting may be viewed on the city's website at www.nationalcityca.gov.

Upon conclusion of the public hearing, the City Council will consider a proposed increase to the cost the City charges for sewer service for Fiscal Year 2022/23. If approved, the rate adjustment will become effective on customers' 2022/23 property tax bills. For more detailed information on how the sewer rates were calculated, copies of the NV5 rate study analysis (see below) are available at http://www.nationalcityca.gov/government/engineering-public-works/engineering-division/sewer-service or at the Engineering / Public Works Department, located at 1243 National City Boulevard, National City, California, 91950, Telephone No. (619) 336-4580.

#### Reason for Proposed Rate Increase

The City is provided wastewater treatment and disposal services by the City of San Diego's Metropolitan Wastewater System ("Metro"). The proposed rate adjustments will allow the City to collect sufficient revenue so the City may continue providing sewer service to customers in the face of sharply increasing operating costs from Metro to fund the Pure Water Program. The proposed rate adjustments will also enable the City to pay for capital improvements that are essential for operating the sewer system in a safe and financially prudent manner. Revenues derived from the City's sewer service charges, and any adopted adjustments described in this notice, will be used solely for the actual and necessary expenses of providing sewer service to customers. The City is prohibited by law from making a profit on sewer service.

The City elected to conduct a comprehensive review of its sewer rates for all users to ensure the long term stability of its sewer services. The new proposed rate increases are based on a September 2017 rate study titled "City of National City Sewer Rate Study" ("Study") conducted by NV5, a well-respected engineering and consulting firm. NV5 considered all sewer-related factors described in this notice, in addition to other, more specific information described in the Study, in conducting their sewer rate analysis. The Study, and its underlying rate methodology, is available at http://www.nationalcityca.gov/government/engineering-public-works/engineering division/sewer-service. Copies of the Study are also available at the Engineering/ Public Works Department at the Civic Center. The Study's underlying rate methodology will be discussed in more detail at the June 21st public hearing.

#### Protest Procedure

The property owner of record may file a written protest to the proposed rate adjustment. Property owners do not have to attend the public hearing in order to file a protest. Protests may be mailed to: City Clerk, 1243 National City Boulevard, National City, California 91950. If protesting by mail, please write on the front of the envelope that the enclosed letter of protest is for the proposed sewer rate adjustments. All protests must be received before the close of the public comment portion of the public hearing on June 21, 2022. Any protests received after that date and time, even if postmarked on or prior to that date, will not be counted.

Any protest received via e-mail, fax, or other electronic means shall also not be counted. The signature on the protest must be that of the property owner of record and be an original signature. Protests with copies of signatures will not be counted. Oral comments do not qualify as a protest, unless accompanied by a written protest. While customers who live on property owned by others may attend the public hearing, the City will only count written protests filed by property owners. Only one valid protest per parcel will be counted.

#### In order to be counted, each protest must contain the following:

1. State that the property owner of record does not agree with the proposed rate increase. 2. Identify the location of the parcel by street address, assessor's parcel number (APN) listed on the address label of

your envelope, or City account number. 3. Provide the printed name and original signature of the property owner submitting the protest.

4. If you wish to protest and you own multiple properties, you may file one valid protest for each parcel that you own. Only one protest will be counted per parcel. For example, if you own five parcels and you wish to file protests for each of your properties, you must file five separate protests.

5. If you wish to protest and your parcel is owned by more than one person, or by a corporation or other legal entity, you may only file one protest for that parcel. Proper documentation must be provided showing that the person who signs the protest has the authority to sign on behalf of the other owners, corporation, or legal entity.

6. If the name of the property owner was not shown on San Diego County's last equalized assessment roll as the owner of record, you must provide the City with a certified copy of a recorded deed.

Individuals with disabilities, who require reasonable accommodation under the Americans with Disabilities Act in order to participate in the public hearing, should contact the City Clerk's Office as far in advance of the public hearing as possible.

#### Proposed Increases

The City last adjusted sewer service charges in 2017. The City Council adopted a five-year sewer service fee rate adjustment schedule with projected Regional Wastewater treatment increases, and elected to have sewer service charges collected on the tax roll. The City system of sewer service charges meets regulatory and industry standards and the current rate schedule reflects the proper elements of a cost-of-service-based rate structure. No structural changes to the current system of charges will be made.

Based upon the Study, rate increases will be considered for each of the City's four distinct sewer customer groups: (1) single-family residential; (2) multi-family; (3) mobile home parks; and (4) commercial/industrial. The City maintains a specific sewer charge formula for each of these four customer groups. Single family, multi-family, and mobile home customers are billed flat rates based on a system of equivalent dwelling units established for each of these three customer groups. Commercial/industrial users are placed into one of five rate categories based on (1) their respective sewage strengths, and (2) 90% of the users' total water usage from the prior year.

The following rate table contains the recommended sewer service charges that the City Council will consider for adoption at the public hearing: User Class Current 2019 2020 2021 2022 2023

**Pass-Through Costs** 

The above-proposed rate table is based, in part, on projections provided by Metro. The City will not pass through to customers any increases to wholesale treatment costs from Metro that exceed the amounts listed in the rate table above. The City will provide customers at least 30 days' notice before the effective date of any adjustment reflected in the rate table above.
