# **ENVIRONMENTAL**

STATUS: The Director of Development Services reviewed the proposed legislative action for compliance with the California Environmental Quality Act "CEQA") and determined that the action qualifies for the "common sense" exemption under State CEQA Guidelines Section 15061(b)(3). The action partially involves updates to the CVMC relating appeal processes for zoning decisions. The action of updating and modifying the CVMC with procedural and clerical changes will not result in an intensification of uses or a change in development potential within the City above what already is permitted under the existing land use and zoning policies of the CVMC. Based on the type of these procedural and clerical changes to the CVMC, it can be seen with certainty that there is no possibility that the action may have a significant effect on the environment. Therefore, no further environmental review is required.
